Dear Parents:

Abraham Lincoln High School and the University of California are proud to offer the Lincoln Summer Academy Program. We will offer the program to 100 incoming 9<sup>th</sup> grade students. The goal of the LHS Summer Academy is to help prepare students for high school mathematics, English and college requirements in mathematics.

The LHS Summer Academy prepares students for success in college while providing them the opportunity to share in the University of California's tradition of excellence and diversity. Students in the program will take challenging English and Geometry courses during the summer to help prepare them for the Fall 2008 academic year. The program will also provide individual tutoring and college advising to all participants.

Lincoln High School and the University of California invite you and your student to attend an informational meeting at LHS on **April 8, 2008** at the Lincoln Theatre. The meeting will be held in English at 5:00 p.m. and in Spanish at 6:00 pm.

We are very excited to offer the Summer Academy. We look forward to seeing you on April 8, 2008, and hope that your student will get to take part in this challenging academic experience. If you have any questions, please contact Theresa Wells at (619) 266-6530 ext. 2524.

Sincerely,

Ana Galindo Shapiro
